LINE-HAUL

DRIVE

LONG-LASTING, FUEL-EFFICIENT, DEEP-TREAD DRIVE TIRES

Yokohama knows that when it comes to designing long-haul tires, it's not just durability you're looking for, it's also top-tier fuel efficiency. That's exactly why we built the all-new 712L™: a fuel-efficient, deep-tread drive tire that delivers even tread wear and extended service life.

ADVANCED WEAR RESISTANCE

Deep Groove Depth

Our 712L tires have 30/32" deep groove depth for long-lasting life and traction without sacrificing fuel efficiency.

Long, Even Wear

Stress Control Grooves reduce contact pressure at the tread edge, providing increased resistance to shoulder step down wear and promoting long even wear.

Flat Tread Profile

A flat footprint controls ground contact pressure and improves resistance to irregular wear.

OUTSTANDING FUEL EFFICIENCY & TRACTION

Engineered Efficiency

The 712L is built with a fuel-efficient tread compound developed for reduced rolling resistance without compromising wear performance.

Optimal Traction

Straight and Angled Sipes, as well as Zig-Zag Intermediate Grooves, provide greater radial and lateral traction.

Enhanced Wet Performance

Straight Circumferential Outer Grooves allow for water evacuation and enhanced traction even in the worst weather conditions.

DURABLE CONSTRUCTION

Funnel-Shaped Grooves

Funnel-Shaped Grooves prevent stones and other debris from reaching the bottom of the groove where casing damage can occur.

Premium Casing

The 712L is built with a premium casing so tough, we back it with a 7-Year, Unlimited Retread Warranty.

IT'S IN OUR DNA.

Our innovative business philosophy, SmartSolution®, is our commitment to meeting the most essential demands of today's fleets: Longevity, Efficiency, Availability and Dependability.

Our STEM 2 technology reinforces the casing, minimizing the damaging effects of strain energy created from heavy loads, heat, rough roads and everyday operations.

SmartWay® Verified

The 712L is one of many Yokohama tires designed to meet SmartWay's stringent low rolling resistance criteria.

Made in the USA

The 712L is proudly built in the USA.

THE YOKOHAMA DIFFERENCE

When you do business with us, you get more than just a world-class tire engineered by some of the industry's best. You also get a partner committed to delivering efficient products and solutions to help your business run more smoothly and profitably. Our industry-leading support network truly makes Yokohama the SmartSolution.

SMARTSOLUTION® CERTIFIED NETWORK

Each of the dealers that make up our expansive nationwide service network is selected and certified to ensure they're ready to provide the solutions you need, fast.

YOKOHAMA EMERGENCY SERVICE (YES)

We offer nationwide emergency service, focused on keeping your cargo on the move—24/7/365.

YOKOHAMA IS A SMARTWAY® TRANSPORT PARTNER

Working with the SmartWay program, we're committed to accelerating the availability, adoption, and market penetration of advanced fuel-efficient technologies and operational practices—saving you fuel, lowering costs, and reducing adverse impact on the environment.
